After encountering a compatibility issue with FEC File software and Windows 8 requiring filing of an amendment to the April 15 (2014) Quarterly Report, we initiated a review of transactons for this election cycle. During this review, we discovered a receipt had not been reported on the January 31 (2014) Year End Report. Two amendments were filed on July 14, 2014, to correct this oversight. The January 31 (2014) Year End Report and April 15 (2014) Quarter Report now both reflect the correction of this unintentional error. Thank you.

Ann Trimble-Ray, treasurer, Conservative Principles PAC. July 14, 2014.
